Inc., and a leader in the purchase of an adjacent

square foot building assembly and the expansion is expected to create jobs and enhance operations. In addition, the open extra space in the building will be used for employee parking for employees of ambulances. Located at 3800 McDowell Road, the Horton team is currently operating in the facility in

Horton Emergency Vehicles Invests in Expanding its Manufacturing Footprint in Grove City, OH

“We were delighted when a property adjacent to Horton’s assembly plant became available and REV Group was able to move quickly and allocate the capital expenditure,” said Mike Albers, vice president and general manager, Horton Emergency Vehicles. “This expansion allows us to provide additional space for our employees to manufacture and deliver our high-quality Horton ambulances to our dealers and customers quicker, which helps to protect their people and communities.”

Horton settled in Grove City, OH in 1994, and its current facility and offices are located at 3800 McDowell Road. With over 100,000 square feet, the facility has been designed specifically for manufacturing high quality, custom-designed emergency medical vehicles and is equipped with advanced engineering and computer-technology support for manufacturing as well as customer service.

Since 1968, Horton has manufactured emergency vehicles and currently designs and builds Type 1, Type 3 and Critical Care Transport units for fire departments and hospitals, serving a nationwide market. Horton is known for

employing rigorous testing and an emphasis on safety, quality, and customization.

About Horton Emergency Vehicles

Founded in 1968, [Horton Emergency Vehicles](#), a division of Halcore Group, Inc., is a REV Group company. Horton® ambulances are among the industry's most technically innovative and customized ambulances and are synonymous with high quality. The exclusive Horton Occupant Protection System (HOPS) keeps the ambulance crew safe while working in the patient compartment. With a manufacturing facility in Grove City, Ohio, Horton ambulances have *Strength & Safety in Every Detail™*.

About REV Group, Inc.

REV Group companies are leading designers and manufacturers of specialty vehicles and related aftermarket parts and services, which serve a diversified customer base, primarily in the United States, through two segments: Specialty Vehicles and Recreational Vehicles. The Specialty Vehicles Segment provides customized vehicle solutions for applications, including essential needs for public services (ambulances and fire apparatus) and commercial infrastructure (terminal trucks and industrial sweepers). REV Group's Recreational Vehicles Segment manufactures a variety of RVs from Class B vans to Class A motorhomes. REV Group's portfolio is made up of well-established principal vehicle brands. Group's brands pioneer trades on the NYSE under the symbol REV.
