REV Group 2024 Sustainability Report Highlights:

Environmental

- Year-over-Year reduction in Scope 1 & 2 emissions, with the lowest level of Total Energy Use by REV Group operations since 2019.
- Continued trend to reduce VOCs, NOx and SOx air emissions.
- Case studies highlighting the best practices implemented by REV business units to reduce chemicals, air emissions, waste-to-landfill and energy, water and chemical use within the REV Group operations

Social

- In FY2024, we achieved the lowest workplace injury rates in REV Group's history. Our Total Recordable Incident Rate improved by 10%, while the Lost Time Incident Rate saw a remarkable 50% improvement compared to FY2023.

- We were also recognized for our commitment to veterans and their families, earning the 2024 Military Friendly Employer and Military Friendly Spouse Employer awards.

Governance

- In 2024, REV Group welcomed three new independent directors with diverse backgrounds and expertise. The refreshed board completed ESG training, to enhance their understanding of reporting requirements and regulatory responsibilities.

The 2024 report includes performance and progress on:

- Metrics including Water Use, Waste Management, Energy Usage and Air Emissions
- Product and Safety Innovations
- Workplace Health and Safety
- Employee Health and Wellbeing
- Community Involvement
- Training and Education
- Governance and Ethics
- Supply Chain Management
- Information Security

REV Group's 2024 Sustainability Report is a standardized, international document that provides a comprehensive overview of our ESG performance and progress.
