

REV GROUP DEBUTS ALL-NEW RENEGADE BRAND CLASS C LUXURY MOTOR COACH AT FMCA'S 95TH INTERNATIONAL CONVENTION AND RV EXPO

Mar. 15th, 2017

MILWAUKEE--(BUSINESS WIRE)-- REV Group (NYSE:REVG), a \$2+ billion manufacturer of industry-leading motor vehicle brands, debuted the all-new Renegade Valencia "Super C" motor coach at the FMCA convention and expo in Chandler, AZ held March 7 - 10.

"We have been looking forward to this debut for months. Our team has been dedicated to designing a motor coach that our customers would be proud to own," says Mike Lanciotti, Vice President and General Manager of Renegade RV. "We believe the Valencia will turn heads and will usher in a new era of luxury motor coaches in the market," added Kevin Erdman, Director of Sales and Marketing.

"The Valencia is a family friendly coach launching in the market at a competitive price," added Erdman. "The new 'Super C' model has all of the features that Renegade owners have grown to expect – high quality construction, high-end features like solid-cherry cabinets, high towing capacity, large fuel capacity, air-ride seating for driver and passenger, adult size bunks and more." The Valencia is built on the first Super-C chassis designed specifically for the RV industry, the S2RV chassis from Freightliner Custom Chassis Corporation (FCCC).

Valencia customers will enjoy features like stainless steel appliances, fully lined exterior storage boxes, 3" of sound and thermal deadening insulation, 10-gallon diesel exhaust fluid (DEF) tank, 100-gallon fuel tank and an impressive 12,000 lb. towing capacity. A Cummins ISB 360HP engine powers the Valencia down the highway with 800 lb. ft. of torque to go where our customers desire. The Valencia is offered in two floor plans at launch, the 38BB and the 38VRW. The 38BB offers a spacious living area and large bunk beds, while the 38VRW offers a large living area up front with a spacious master suite at the rear of the coach.

"We saw the need for a high-end 'Super C' motor coach that offered all the amenities and features for which Renegade has been known," added Jim Jacobs, President of REV Recreation Group. "This is a high-end product that falls at a price point that offers consumers a real value," commented Jacobs.

The Renegade Valencia debuted at the Rawhide Western Town and Event Center in Chandler, AZ., for FMCA's 95th International Convention and RV Expo. Attendees enjoyed the debut of the new Valencia as well as the full line of Renegade RV products.
