

REV GROUP DEBUTS ALL-NEW RENEGADE BRAND CLASS C LUXURY MOTOR COACH AT FMCA'S 95TH INTERNATIONAL CONVENTION AND RV EXPO

Mar. 15th, 2017

MILWAUKEE--(BUSINESS WIRE)--REV Group, Inc., a manufacturer of industry-leading motor vehicle brands, debuts the all-new Renegade Valencia Class C luxury motor coach at the 95th Annual International Convention and RV Expo in Chandler, AZ held March 15-18, 2017.

"We have been looking at the market and seeing that our customers want a more spacious motor coach RV. "We believe the Valencia is the answer to that," said Kevin Erdman, President of REV Recreation Group.

"The Valencia is a family-oriented motor coach. The 'Super C' model has a spacious interior with high-end features like solid-wood cabinetry, a large slide-out passenger, adult size living area, and a large bathroom. In the RV industry, the S2RV

is the standard for motor coaches. The Valencia is a step up from the S2RV. Valencia customers will appreciate the added space and thermal deadening. The Valencia has a 12,000 lb. towing capacity and the ability to tow up to 10,000 lb. of torque to go where our customers want to go. The Valencia is available in two models: the 38BB and the 38VRW. The 38BB offers a spacious living area and large bunk beds, while the 38VRW offers a large living area up front with a spacious master suite at the rear of the coach.

"We saw the need for a high-end 'Super C' motor coach that offered all the amenities and features for which Renegade has been known," added Jim Jacobs, President of REV Recreation Group. "This is a high-end product that falls at a price point that offers consumers a real value," commented Jacobs.

The Renegade Valencia debuted at the Rawhide Western Town and Event Center in Chandler, AZ., for FMCA's 95th International Convention and RV Expo. Attendees enjoyed the debut of the new Valencia as well as the full line of Renegade RV products.
