

# REV GROUP FIRE DIVISION LAUNCHES DECONTAMINATION AND BIOHAZARD MITIGATION OPTIONS FOR FIRE TRUCKS

May. 7th, 2018

OCALA, Fla.--(BUSINESS WIRE)--REV Group, Inc. (NYSE: RVE), a leading designer, manufacturer and distributor of specialty vehicles and related aftermarket parts and services, today announced the launch of decontamination and biohazard mitigation options for its fire trucks.

Having a variety of choices, fire crews remove contaminants from SCBA's and other equipment.

- Use of seating surfaces that are vinyl, down, or fabric with a vinyl top.
- Use of non-SCBA seating.
- External transverse body compartments for commercial chassis.
- Compartments over the cab.
- HEPA air filtration units. The HEPA unit results in 99.97% efficiency.
- A  $\frac{3}{4}$  inch GHMT (gas, heat, moisture and temperature control) system.
- Integrated system for automated dispensing of disinfectant inside the cab, reducing first responder exposure to harmful pathogens. This built-in design provides consistent and reliable delivery of disinfectant.

REV Group Fire brands E-ONE, Ferrara and KME are committed to engineering and building fire trucks that can help prevent firefighters from being exposed to contaminated SCBA's, PPE and other equipment that are often stored inside the cabs of fire apparatus today.

"Building on our legacy of cab structural integrity, and our structural safety factor on aerials, this suite of options and technologies is the next step to ensure we are providing the safest trucks in the industry to firefighters," said Jay Johnson, Vice President of Product Management & Marketing at REV Group's Fire Division.

## About REV Group, Inc.

REV (REVG) is a leading designer, manufacturer and distributor of specialty vehicles and related aftermarket parts and services. We serve a diversified customer base primarily in the United States through three segments: Fire & Emergency, Commercial and Recreation. We provide customized vehicle solutions for applications including: essential needs (ambulances, fire apparatus, school buses, mobility vans and municipal transit buses), industrial and commercial (terminal trucks, cut-away buses and street sweepers) and consumer leisure (recreational vehicles ("RVs") and luxury buses). Our brand portfolio consists of 31 well-established principal vehicle brands including many

of the most recognizable names within our served markets. Several of our brands pioneered their specialty vehicle product categories and date back more than 50 years. REV Group trades on the NYSE under the symbol REVG. Investors-REVG
