Agree

in 2019 with our first report. "We have made significant progress on the road ahead," said REV Group. "We are committed to a life for our customers and communities as an industry leader in safety and safety."

2022 Highlights:

REV Group's 2022 Corporate Sustainability Report, designed responsibility program, solidifying accountability. REV Group's Environmental and Safety (EHS) manufacturing sites.

- Launches advanced zero-emission, alternative fuel solutions for its mass transit bus, school bus, ambulance, fire and terminal truck companies that help minimize their environmental impact.
- Reduces energy use and related GHG emissions over FY2021, following improved operational efficiencies.
- Expands data and reporting to provide greater understanding of environmental footprint, allowing for more targeted plans to reduce GHG emissions, water use and waste generation in 2023.
- Supports the communities where REV Group manufacturers operate with volunteering and monetary donations to over 75 local charities.

About REV Group, Inc.

[REV Group](#) companies are leading designers and manufacturers of specialty vehicles and related aftermarket parts and services, which serve a diversified customer base, primarily in the United States, through three segments: Fire & Emergency, Commercial, and Recreation. They provide customized vehicle solutions for applications, including essential needs for public services (ambulances, fire apparatus, school buses, and transit buses), commercial infrastructure (terminal trucks and industrial sweepers), and consumer leisure (recreational vehicles). REV Group's

diverse portfolio is made up of well-established principal vehicle brands, including many of the most recognizable names within their industry. Several of REV Group's brands pioneered their specialty vehicle product categories and date back more than 50 years. REV Group trades on the NYSE under the symbol REVG. Investors-REVG
