employees' commitment to building the best apparatus for firefighters," said Mike Virnig, president of E-ONE and REV Fire Group. "From those first days in 1974 until today, it has been our privilege to offer the leadership and service E-ONE is known for to our customers in the fire industry and we look forward to the exciting and ground-breaking next 50<sup>th</sup> years of the company."

On March 6<sup>th</sup> 2024, E-ONE kicks off its half a century of designing and manufacturing fire apparatus with a special event at its Ocala, Florida facility, which will pay tribute to customers and employees, and the unveiling of the commemorative 50<sup>th</sup> anniversary truck badge, which will be applied on all trucks delivered in 2024.

Other special events for 2024 include:

- E-ONE Employees and Families Celebration Picnic
- 50 Years of Fire Truck photo submissions at [e-one.com](http://e-one.com) and social media
- Limited Edition 50<sup>th</sup> Anniversary merchandise at the Fire Locker company store
- Special Customer Appreciation Celebration at FDIC 2024

"We're proud of E-ONE's network of loyal customers around the world as well as all our past and present

In 1974 Bob Wormser founded Emergency One, Inc., now known as E-ONE and introduced the first modular extruded aluminum fire truck body, which could be built separate from the chassis and loaded later. This launched the company's reputation in the fire industry for pioneering innovation, still evidenced 50 years later in the fire apparatus it produces for fire departments around the world.

E-ONE opened an 82,000 square foot production facility in Ocala in 1978 and in 1981 produced its first aerial, a 110' welded extruded aluminum aerial with integral torque box chassis.

Other major milestones from E-ONE's first 50 years include the following:

- 1983 - 95' platform and 135' ladder introduced - both part of the modular line of aerials
- 1990 - Opened 65,000 square foot Welcome Center/production facility
- 1994 - Introduced the HP 75 ladder with 500# tip load
- 2001 - HP 95 Mid-Mount introduced
- 2007 - HP 100 Platform released
- 2011 - eMAX pumper introduced
- 2017- Metro 100 Quint introduced
- 2020 - DND Air Transportable ARFF produced
- 2022 – All-Electric Vector released

The company started with only 25 employees, and today it employs more than 1,000 people at its facilities in Ocala and Hamburg, NY.

To help celebrate this milestone, E-ONE is asking its longtime customers, employees, and fans to share their piece of E-ONE history at [e-one.com/50years](https://e-one.com/50years) and on its social media channels:
